Axis 4	9500		10000		
Masses (gross weight) (see note 4)					
NOTES				NOTES (Contd)	
1. A reduced gross weight and/or axle weight may apply in certain cases to a vehicle having a rating based on the design weight. The actual permissible axle weight may vary depending on the type of suspension and other factors.				1. This document only applies to vehicles and their trailers.	
2. The actual axle load in the function box is 10% over the design weight.				2. Where there is no weight shown in the table, the maximum permitted weight is 10000 kg or 10000 kg, whichever is the lesser.
